

CAB

- Low internal noise level of just 78 dBA ensures operator comfort.
- Large areas of tinted glass allow superb all round visibility.
- Low line curved hood enhances forward visibility.
- Full depth rear window for comprehensive visibility to the trench.
- In the raised position the rear window provides ventilation yet gives protection from rain.
- Door windows can be partially or fully opened for maximum ventilation.
- Cab is ROPS and FOPS approved for maximum operator comfort.
- Well laid out controls for ease of operation.
- Touch operated switches for operator convenience.
- Instrumentation easy to clean.
- Spacious interior giving ample room to the operator at both work stations.
- Wide door opening, self-cleaning steps and large grab rails make access easy.
- Adjustable tilt steering wheel to suit all operating styles.
- Fully adjustable suspension seat with lap belt maximises operator comfort.
- Air re-circulation enables quick warm up on cold days.
- Two front and two rear defrosting vents.
- Powerful 3 speed heater supplies a further two forward and three rear vents.
- Air conditioning option available.
- Extensive stowage facilities.
- Heavy duty easy to clean rubber floor mat.
- Twin externally mounted rear view mirrors.
- Hazard warning and full lighting controls.
- Audible/visual warning covering park brake, transmission oil temp, engine coolant, engine oil pressure, hydraulic oil filter and air cleaner.
- Visual indication on 4wd engagement, hazard lights, main beam, battery charge, direction indicators and front / rear wipers.
- Adjustable rear working lights.
- Electronic loader control and mechanical backhoe controls.

HYDRAULICS

- Closed centre flow sharing system.
- Twin gear pumps for simplicity and reliability.
- Power Boost to match digging power and speed to application.
- Automatic or manually activated to give more precise control as required.
- Single pedal operation of auxiliary circuit and extending dipper (opt).
- Hydraulic oil cooler reduces operating temperatures and now cleanable
- Hydraulic tank and filter easily accessed from ground level.
- Ride control option available.

@ 2200 rpm

Main Pump	gpm (lpm)	17.7/80

ENGINE

- Emission compliant to EC Stage 2 and EPA Tier 2.
- Higher horsepower and increased torque back up for lugging ability.
- Electric fuel lift pump for increased reliability.
- Easy service ECOplus fuel filter.
- Service periods increased to 500 hours.

TRANSMISSION

- 4 speed full powershift gearbox with electronic gear change.
- Twist grip lever provides effortless operation.
- Push button kickdown facility for added traction .
- Modulated clutch packs ensure smooth direction changes.
- Single stage torque converter with 2.60:1 stall ratio.
- Semi-automatic shifting between 3rd and 4th speeds.

Tyres	Front:	16.9 x 24
	Rear:	16.9 x 24
Travel Speeds Forward		
1st	Km/h (mph)	5.8 (3.6)
2nd	Km/h (mph)	10.9 (6.8)
3rd	Km/h (mph)	21.9 (13.6)
4th	Km/h (mph)	41.56 (25.8)
Reverse		
1st	Km/h (mph)	6.9 (4.2)
2nd	Km/h (mph)	13.0 (7.9)

AXLES AND BRAKES

- Outboard planetary final drives for easier servicing.
- Foot operated hydraulically actuated differential lock.
- 16° front axle oscillation to maintain maximum ground contact and traction.
- Power boosted hydraulic brake actuation.
- Self-equalizing and self adjusting.
- Independent brake operation.
- Friction area per brake assembly 1091cm² (169in²).
- Selectable 2 or 4 wheel braking.

TURNING CIRCLES

		Over Tyres	Over Bucket
2 Wheel Steer	m (ft)	11.4 (37' 4")	13.1 (43' 0")
